

LUXE Lip Hydrator

LUXE Lip Hydrator features our Supercharged Hyaluronic Acid combined with the latest advancement in HA sphere technology to provide rapid rejuvenation and multi-layered hydration for a natural, restorative boost for the lips.

INTRODUCING SUPERCHARGED HA SPHERES

We've combined our Supercharged HA with advanced hyaluronic acid microspheres and botanical Konjac glucomannan known for exceptional water-attracting properties to create a next generation lip hydrator. This proprietary supercharged formula forms a triple-action powerhouse that successfully penetrates the upper layers of the delicate lip skin to absorb and retain water trying to escape. Once applied, the rapid absorption creates a refining, smoothing and elastic lip surface with long lasting hydration.

ADDITIONAL KEY INGREDIENTS

Palmitoyl Tripeptide-38

An advanced peptide that promotes collagen synthesis to enhance lip volume and reduce the appearance of fine lines around the mouth.

Ricinus Communis (Castor) Seed Oil

A powerful emollient that helps the skin retain moisture by preventing water loss through the outer layer of the lips while also promoting deep hydration.

Butyrospermum Parkii (Shea Butter)

Rich in vitamins A and E, this blend of vitamins and fatty acids hold intense moisturizing and anti-inflammatory properties, making it excellent for soothing and nourishing dry or irritated skin and protecting against environmental damage.

Mauritia Flexuosa Fruit Oil

Derived from the buriti palm, this fruit oil is a robust source of antioxidants, including carotenoids, vitamin E and vitamin C. Powerful skin-softening properties help reduce discoloration and delay premature signs of aging.

Theobroma Grandiflorum (Cupuacu) Seed Butter

A rich antioxidant that helps to protect the lips from environmental damage, deeply nourishes and hydrates lips for long-lasting moisture and promotes softness and supple lip texture.

Portulaca Pilosa Extract

Valued for its hydrating properties, this potent plant-based antioxidant is an excellent source of polysaccharides that help maintain moisture balance and helps protect against environmental stressors.

Silky, lightweight, non-sticky. A true *lip luxury*.

Study Overview

25 patients, multicenter, randomized study to assess product efficacy and patient satisfaction.

Patients OBSERVED...

100%

saw visible improvement in the overall **texture** and **smoothness** of their lips

100%

noticed lips felt **hydrated** and **balanced** after application

92%

loved the way their lips **looked and felt** after using the lip hydrator

100%

would **recommend** the lip hydrator to friends and family

100%

liked the **texture and consistency** of the lip hydrator

80%

noticed a reduction in the appearance of **lip lines** while using the lip hydrator

USERS ARE LOVING *LUXE*...

“I find myself reaching for this lip hydrator throughout the day because I enjoy the way my lips feel all day long.”

— ANISHA P.

“LUXE replaces my lip balm, lip gloss, lip mask and plumper. A four in one product.”

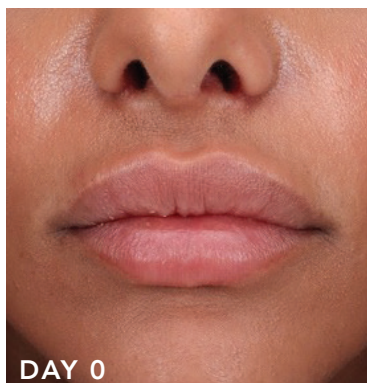

— DIANE K.

“Love the smell and consistency of the product and the amount of hydration it leaves on my lips.”

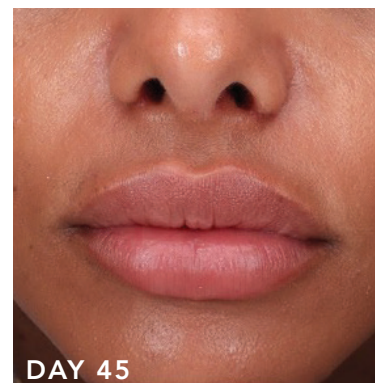

— RACHELLE E.
